DIFFERENCE

TEXIA GROUP

TEXIA is a family-founded textile group that started life in Barcelona over a century ago, in 1917. Thanks to our team's experience and our tradition of creativity and innovation, we design and manufacture our own products, which we market all over the world, and provide textile finishing services for both large and small companies.

In accordance with our five pillars of quality, experience, creativity and innovation, agility and sustainability, at TEXIA we're excited to take on the responsibility of contributing to making the textile sector more sustainable by constantly developing our own new products and technology.

At TEXIA Finishing, we provide high quality textile printing and finishing services to both large and small textile companies, both using our own technologies and through joint ventures.

We manufacture our products using our **pioneering Seamless technology**. Having no seams means that we can reduce our consumption of energy and raw materials. These products, which are leaders in various sectors, are sold all over the world under our brands MY DRAP and ROLL DRAP.

TEXIA has partnered with the international non-profit organisation **Better Cotton Initiative (BCI) to improve cotton cultivation globally, ensuring a better future for the environment and the textile industry.**

OUR COMMITMENT TO SUSTAINABILITY

Members of the Better Cotton Initiative (BCI)

Improving global cotton production both for the people who produce it and for the environment it grows in, to create a better future for the sector.

Atmospheric emissions

We carry out annual reviews of our emission sources.

Water management

We clean our wastewater.

Factory

We consume energy certified by CNMC as 100% green, and we've installed a cogeneration plant to use hot water and steam.

Texia-patented Seamless technology

Having no seams means one fewer link in our production chain. This reduces energy use.

It saves on time, transport and labour.

Local production

Our facilities are located in Barcelona province and comply with European regulations.

Waste management

We're always improving the sorting, recycling and recovery of our waste.

CERTIFICATIONS

GOTS

The world-leading standard for the certification of textiles made with organic fibers in accordance with strict environmental criteria.

OEKO-TEX STANDARD 100®

A world-renowned system that checks there are no harmful substances in textiles or at any stage in a product production.

Member of the BCI

The Better Cotton Initiative (BCI) program's aim is to improve global cotton production for the people who produce it and the environment in which it grows to create a better future for the industry.

GRS

Our Global Recycled Standard (GRS) certification complements our Recycled Claim Standard (RCS) certification and guarantees that textile materials are recycled in compliance with environmental and social criteria.

ISO 14001:2015

This certification recognizes the growing importance of the way companies manage their processes from an environmental point of view, and sees leadership as key to the proper functioning of the Environmental Management System.

MY DRAP IS THE DETAIL THAT MAKES THE DIFFERENCE

The company is a leader in designing and manufacturing single-use coasters, serviettes and placemats made from 100% cotton, recycled cotton and linen.

Technical improvements have been made to our textile fabrics. **A range of table products for bathrooms** in luxury hotels and restaurants is now available.

MY DRAP continuously works on research and innovation so that its product concept is increasingly respectful to the environment.

TABLE SERVIETTES

With different sizes and folding possibilities, these single-use table serviettes can be personalised for any type of business or event with a more formal theme. The high-quality fabric, 100% cotton, recycled cotton or linen, also makes them a premium product, adding value to the place where they are used.

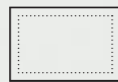

PLACEMATS TABLE RUNNERS

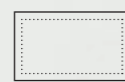

Single use and available in 100% cotton, recycled cotton or linen, these placemats and table runners are very practical and will personalise your tables to the finest detail.

IN THE BATHROOM

MY DRAP also wants to make a difference in the bathrooms in luxury hotels and establishments, positively influencing the customer experience. We are therefore introducing our hand wipes, and our innovative and customisable amenities mats.

HAND WIPES

Our hand wipes, which replace traditional terry or cellulose hand towels, are made of a pleasant Ottoman cotton that makes them more absorbent and softer.

They are available in two rectangular sizes, the standard 20x27 cm and the Premium 25x30 cm.
