LIGHTING

1948 **75**TH 2023
ANNIVERSARY

WIR SIND STOLZ und blicken in 2023 auf 75 Jahre Sompex zurück und führen unser Unternehmen mit Herz und Leidenschaft.

Nicht zuletzt unser Publikums Award „Leuchte des Jahres 2022“ den wir mit unserer TOP Leuchte erzielen, repräsentiert unsere Leidenschaft neue Innovationen für unsere Kunden zu entwickeln.

WE ARE PROUD and look back on 75 years of Sompex in 2023 and lead our company with heart and passion.

Especially our audience award "Luminaire of the Year 2022", which we achieved with our TOP luminaire represents our passion for developing new innovations for our customers.

Mit unserer Vision, einem tollen Team und Ihnen als treue Kunden freuen wir uns auf weitere erfolgreiche Jahre der Marke Sompex!

With our vision, a great team, and you as a loyal customer, we look forward to many more successful years for the Sompex brand!

"Mit einer neu entwickelten Strategie- und Vertriebsausrichtung haben wir uns in den letzten 18 Monaten erneut im Markt optimal positioniert.

Die Wertschätzung, die wir für diese Neuausrichtung, unsere Arbeit und insbesondere für unsere Produkte von Ihnen, unseren Kunden, erhalten, stärkt unser tägliches Handeln.

Diese Wertschätzung unserer gemeinsamen Partnerschaft treibt mich an. Mein Ziel ist es daher, Ihr Vertrauen weiter auszubauen und unsere weitere Zusammenarbeit ständig zu optimieren - sei es durch die Einführung neuer, kundenorientierter Systeme, der konsequenten Fortführung unseres Digitalisierungsprozesses und durch interne Prozessoptimierung.

"With a newly developed strategy and sales orientation, we have once again optimally positioned ourselves in the market in the last 18 months.

The appreciation that we receive for this reorientation, our work and especially for our products from you, our customers, strengthens our daily actions.

This appreciation of our partnership drives me. My goal is therefore to further increase your trust and constantly optimize our further cooperation. Both through the introduction of new, customer-oriented systems and the consistent continuation of our digitization process. We will also continue to focus on our internal process optimization.

"Ich liebe unsere Produkte und brenne dafür, unsere Kunden immer wieder mit Trends zu überraschen. Unsere Entwicklungen sollen beim Kunden den sogenannten „WOW-Effekt“ auslösen und so zum Kauf animieren.

Größte Priorität hat für mich immer eine zielorientierte Produktentwicklung, um die Trends der nächsten Jahre schon frühzeitig aufzugreifen. So steht für mich aktuell Nachhaltigkeit und das Thema Akkuleuchten an erster Stelle.

Mein Ziel ist es, dass jeder Kunde weiß, was hinter der Marke steckt: Sompex - hochwertige Lifestyle-Leuchten. Mit viel Begeisterung kreieren wir für Sie diesen Katalog - viel Spaß damit!"

"I love our products and I'm passionate about surprising our customers with trends again and again. Our developments should trigger the customer's so-called "wow effect" and motivate them to buy.

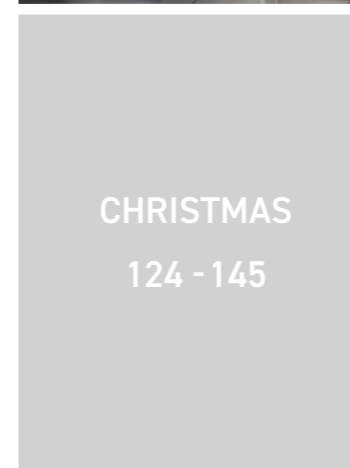

My highest priority is always a goal-oriented product development to pick up the trends of the next years early. So sustainability and the topic of battery-powered lights are currently my top priority.

My goal is for every customer to know what is behind the brand: Sompex - high-quality lifestyle lights. With great enthusiasm, we are creating this catalogue for you - have fun with it!"

Stephan Burghard

LEUCHTMITTEL

ENERGIEEFFIZIENZKLASSEN (EEK) ENERGY EFFICIENCY CLASSES (EEC)

In diesem Katalog werden die seit September 2021 in der EU geltenden Energieeffizienzklassen für Leuchten und Leuchtmittel angegeben. Die neue EEK-Skala (A bis G) soll ohne Plus-Zeichen auskommen und zugleich für zukünftige, noch sparsamere Leuchtmittel Platz haben. Durch die neue Berechnung bekommen Leuchtmittel der Spitzenklasse (vormals A+ & A) eine E/F/G Klassifizierung, obwohl sie genauso energiesparend sind wie vorher.

This catalogue indicates the energy efficiency classes for lamps and light bulbs that are applied in the EU since September 2021 onwards. The new EEC scale (A to G) avoids plus signs while leaving room for future lamps that will be even more economical. Due to this new system, former top range lamps and light bulbs (A+ & A) are now classified as E/F/G, although they are just as economical as before.
