

Artilugis

made in Barcelona

Where
CRAFT meets
TECHNOLOGY

Artilugis is a design studio based in Barcelona focused on innovation in the gastronomic sphere with the aim of providing the most unique tableware for chefs. It was conceived in 2021 by product designer Adrià Funosas in his quest for applying modern designing techniques to traditional ceramics.

At Artilugis we want to produce tableware that inspires chefs and unleash their creativity. We seek to create designs that compliment and heighten the dining experience. We truly believe that there is no greater pleasure in life than gathering around a table with family and friends enjoying a good meal.

Artilugis is a small studio, so all our pieces are produced by us and meticulously handcrafted in our own micro factory. We keep control of all the production process thus allowing us to achieve high quality standards. At Artilugis we strive to be as sustainable as possible, so all our ceramics are made to be long-lasting.

Dragon

deep plate

Height: 5cm **Width:** 20cm

Glaze: only the inside (except for the stone that is completely glazed)

Material: stoneware

White matte (DP20DR02)

Stone (DP20DR06)

Black matte (DP20DR04)
