

FLORENTINE KITCHEN KNIVES

After 10 years of working with some of the world's most exciting chefs and most delicious restaurants, we have decided to take it all up a notch. Starting this year we will be limiting the number of restaurant projects we take on. Our aim is to dedicate even more time and care to each project, not only to the quality of manufacturing, but also to the process and design for each individual restaurant. This means longer waiting times for some and a need to plan ahead, but we are confident that the results will be worth it.

Take care [of your fingers]

STEAK EASTERN | STACKED | STAINLESS STEEL SATIN FINISH

Our Eastern-inspired culinary table knife. Crafted for meticulous cuts, this knife features FKK’s distinctive stacked handle but without our usual curve which allows for more handle customisation options. Fitted with a finely honed straight-edged blade, with a rather flat profile, creating a longer lasting cutting performance. Perfect for the professional user.

BLADE LENGTH: 107.5MM
BLADE WIDTH: 20MM
BLADE THICKNESS: 2.5MM
