Products Description

The mark above indicates that the chopsticks have square shaped tip, which enables to pick food easily.

The mark above indicates that the chopsticks have fine tip, which is useful when eating fish etc.

The mark above indicates that the chopsticks have anti-slip tip. There are two kinds of anti slip tip; Tip with rough surface which help to hold noodle and any other slippy foods. Tip with several grooves which also help to hold food.

POINT 02

Design

Beautiful gradation colors are generated by our craftsmen's hands, and would fit any kinds of cuisine's table set.

The upper parts of chopsticks are beautifully curved, and this enables to hold chopsticks more stable and easy. Furthermore the chopsticks have anti-slip tip, which makes easy to pick up food. Dishwasher safe!

DISH WASHER SAFE

POINT 03

Choose your perfect fit size

Measure the length from your thumb to forefinger. (please see the picture to the left)
Multiple the length by 1.5, and you will find your size for chopsticks.

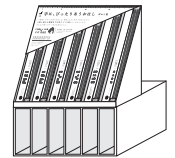

This length × 1.5
=
FIT SIZE

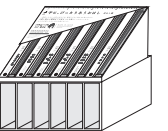

POINT 04

Display box "FIT" any place!

Special display box for Fit chopsticks can replace its upper and lower parts. There are 2 styles of its shape. You can choose the style depends on your shop's space.

The Chinese character "結 (Yui)" means people's bonds.
We hope that by using chopsticks and sitting around the table
with family and friends, feel the connection between them.

Lacquer Coating
Shimakokutan

Used Shimakokutan, a high-grade wood that has the highest strength of any commonly distributed wood. The lacquering was gently executed using the "Suri-Urushi" technique, which gives the beautiful luster of lacquer and the original warmth of the wood grain.

Traditional crafts
Wakasa washi × Wakasa nuri

Gift sets filled with Obama city's traditional crafts of Wakasa-nuri chopsticks and Chopstick rest made by Wakasa washi.

Wakasa washi

Wakasa washi is made in Wakasa Obama, which has clean water, and is characterized by its strong paper quality. Its history is long, dating back about 1,200 years, and the handmade technique has been handed down to the present day.

Reusable and environmentally friendly.

Reusable chopsticks

- Square tip
- Dish washer safe
- Micro wave safe

Eco friendly chopsticks conserve resources!

Disposal chopsticks that are thrown away once they are used become trash. In order to reduce this waste, it is important to use chopsticks which can be used repeatedly. This is the first step in addressing enviromental issues. Reusable chopsticks are eco friendly and can be used repeatedly in the home or restaurant, and have durability for both type of dishwasher; domestic use and professional(restaurant) use.

01 POINT

The chopsticks tips are square, so it's easy to pick.

The chopsticks tips are square, so they can be used for any cuisine.

02 POINT

Repeatable durability.

Machine washable, heat resistance up to 220°C, microwave safe.

Perfect for repeated use in the restaurants or hotels!

03 POINT

Eco friendly with reduced costs and waste.

Repeated use saves costs! No disposable chopsticks waste! Balancing enviroment and economy.

The “Fit Bowl” is a solid fit for your hand.

The Fit Bowl is shaped to be easily gripped in the hand.
As it is wooden, it transfers little heat to the hands, so that even kids
can use it with peace of mind.
