**QUALIDADE RIVA. RIVA QUALITY.**

O sistema térmico dos Food Containers da Riva foi desenvolvido em nossas próprias oficinas e é semelhante ao das garrafas térmicas: com duas paredes, uma interna e outra externa. Entre as camadas há um isolamento especial que mantém o alimento quente por um longo tempo.

*The thermic system of Riva's Food Container was developed inside our workshops and it is similar to a thermal bottle: with two walls, one inside and another one outside. Between them there is a special insulating that keeps the food warm for a long time.*

## **BEM-VINDO AO MUNDO RIVA**

WELCOME TO RIVA'S WORLD

Criada na Serra Gaúcha, a Riva conquistou o mundo ao unir o melhor do design brasileiro com um padrão excepcional de qualidade. Reconhecida internacionalmente por seus objetos de aço inoxidável, prata e ouro 24K, a Riva valoriza a criação artesanal e o rigor de um processo de produção que envolve múltiplas etapas manuais. Cada peça passa por mãos habilidosas, garantindo que detalhes minuciosos e acabamentos perfeitos representem a excelência do design nacional.

*Founded in Serra Gaúcha, Riva has conquered the world by combining the best of Brazilian design with an exceptional standard of quality. Internationally recognized for its stainless steel, silver, and 24K gold objects, Riva values artisanal craftsmanship and the precision of a production process that involves multiple manual stages. Each piece is carefully crafted by skilled hands, ensuring intricate details and flawless finishes that embody the excellence of national design.*

## **PERFEIÇÃO EM CADA DETALHE**

PERFECTION IN EVERY DETAIL

Guiada pelos pilares de inovação, elegância e inteligência, a Riva transforma materiais nobres em objetos atemporais que combinam funcionalidade com uma estética impecável. Cada criação ultrapassa os limites do tradicional, revelando-se como pura arte contemporânea que reflete o compromisso da Riva em celebrar o design brasileiro com uma visão arrojada. É essa dedicação que faz da Riva uma marca única e valorizada, reconhecida por transformar objetos cotidianos em peças de coleção.

*Guided by the pillars of innovation, elegance, and intelligence, Riva transforms noble materials into timeless objects that blend functionality with impeccable aesthetics. Each creation pushes the boundaries of tradition, emerging as pure contemporary art that reflects Riva's commitment to celebrating Brazilian design with a bold vision. This dedication makes Riva a unique and cherished brand, renowned for transforming everyday objects into collectible masterpieces.*

## **RUBENS SIMÕES: A PAIXÃO QUE MOLDOU A RIVA**

THE PASSION THAT SHAPED RIVA

A história da Riva nasce da paixão incansável de Rubens Simões pelo design e pela criação de objetos que exalam luxo e contemporaneidade. Inspirado desde jovem por seu pai, Roberto Simões — renomado no mercado de presentes de prata —, Rubens cresceu em meio a uma cultura de elegância e refinamento. Decidido a expandir esses valores, ele se dedicou ao estudo de Economia na Universidade da Califórnia, em Los Angeles (UCLA), e de Desenho Industrial na PUC-Rio, além de se especializar em cutelaria nas mais prestigiadas fábricas europeias. Essa formação diversificada foi a base para transformar sua visão inovadora em realidade.

Com um espírito incansável e uma energia que permeia todos os setores da Riva, Rubens não é apenas o fundador, mas o coração da grife. Desde a concepção dos primeiros objetos, na Serra Gaúcha, até a expansão internacional da Riva, ele esteve envolvido em cada etapa do processo criativo e produtivo, sempre com um olhar detalhista e rigoroso. Rubens lidera o Estúdio Riva com maestria, onde coordena uma equipe multidisciplinar para criar peças que unem estética e excelência técnica, garantindo que cada objeto carregue a assinatura única da marca.

A Riva se consolidou como uma referência no design de luxo, marcada pela personalidade de Rubens e seu compromisso em ultrapassar os limites da criação. Em cada coleção, a marca celebra o encontro entre arte e funcionalidade, com objetos que cativam e elevam o cotidiano a um novo patamar de elegância. Guiada pela dedicação visionária de Rubens, a Riva continua a redefinir o design brasileiro.

*Riva's story is rooted in the tireless passion of Rubens Simões for design and the creation of objects that exude luxury and modernity. Inspired from a young age by his father, Roberto Simões — a renowned figure in the silver giftware market — Rubens grew up immersed in a culture of elegance and refinement. Determined to expand these values, he pursued Economics at the University of California, Los Angeles (UCLA), Industrial Design at PUC-Rio, and specialized in cutlery craftsmanship at Europe's most prestigious factories. This diverse education laid the foundation for transforming his innovative vision into reality.*

*With tireless energy and a spirit that permeates all facets of Riva, Rubens is not just the founder but the soul of the brand. From the creation of the first objects in Serra Gaúcha to Riva's international expansion, he has been involved in every step of the creative and production process, always with a meticulous and rigorous approach. Rubens masterfully leads the Riva Studio, where he directs a multidisciplinary team to craft pieces that combine aesthetics and technical excellence, ensuring that each object carries the brand's unique signature.*

*Riva has established itself as a benchmark in luxury design, marked by Rubens' personality and his commitment to pushing the boundaries of creation. In every collection, the brand celebrates the union of art and functionality, presenting objects that captivate and elevate everyday life to a new level of elegance. Guided by Rubens' visionary dedication, Riva continues to redefine Brazilian design.*

## ***RECONHECIMENTO QUE TRANSCENDE FRONTEIRAS***

*RECOGNITION THAT TRANSCENDS BORDERS*

A Riva tem presença destacada em renomadas lojas de decoração e design ao redor do mundo. Os objetos da grife são encontrados em mais de 40 países, incluindo Estados Unidos, Canadá, Portugal, Líbano, Turquia, Japão, Kuwait, Emirados Árabes Unidos e Arábia Saudita.

Riva has a prominent presence in renowned decoration and design stores around the world. The brand's objects are found in over 40 countries, including the United States, Canada, Portugal, Lebanon, Turkey, Japan, Kuwait, the United Arab Emirates, and Saudi Arabia.

#### MATÉRIA PRIMA.

A base da matéria-prima da Riva é o aço inoxidável 18/10, um selo de qualidade que define as peças da marca. Esse número representa a composição do metal, com 18% de cromo e aproximadamente 10% de níquel. Essa combinação cria uma camada de óxido de cromo na superfície do aço inox quando em contato com o oxigênio, conferindo uma resistência excepcional à corrosão.

O polimento cuidadoso de cada objeto é fundamental para garantir uma superfície mais lisa e, conseqüentemente, um maior contato com o ar. Isso resulta em uma resistência incrível à oxidação. Na Riva, a excelência no setor de polimento é primordial, pois assegura que todas as peças tenham uma proteção superior contra o processo de oxidação.

#### RAW MATERIAL.

*The foundation of Riva's raw material is 18/10 stainless steel, a quality seal that defines the brand's pieces. This number represents the metal composition, with 18% chromium and approximately 10% nickel. This combination creates a layer of chromium oxide on the surface of the stainless steel when in contact with oxygen, providing exceptional corrosion resistance.*

*Careful polishing of each object is essential to ensure a smoother surface and, consequently, increased exposure to air. This results in incredible resistance to oxidation. At Riva, excellence in the polishing sector is paramount, as it ensures that all pieces have superior protection against the oxidation process.*

#### COMPROMISSO AMBIENTAL.

A sustentabilidade é intrínseca à essência da Riva. Nossa matéria-prima carrega o selo "verde" de responsabilidade ambiental, proveniente da produção do aço inox 18/10 em uma usina alimentada por carvão vegetal de florestas 100% renováveis, fornecido por parceiros especializados.

A escolha consciente de utilizar uma matéria-prima produzida de maneira ecologicamente correta, socialmente justa e economicamente viável reflete o compromisso inabalável da Riva com a sustentabilidade e respeito ao meio ambiente.

#### ENVIRONMENTAL COMMITMENT.

*Sustainability is intrinsic to Riva's essence. Our raw material bears the 'green' seal of environmental responsibility, originating from the production of 18/10 stainless steel in a plant powered by charcoal from 100% renewable forests, supplied by specialized partners.*

*The conscious decision to use raw material produced in an ecologically sound, socially just, and economically viable manner reflects Riva's unwavering commitment to sustainability and environmental respect.*

### COMO USAR. HOW TO USE.

A utilização do Rivacream é bem simples. Recomenda-se que o produto seja espalhado sobre a peça, deixe agir e antes que o produto comece a secar, retire o excesso com o auxílio de uma flanela macia polindo de leve para dar brilho. O produto em contato com a superfície é suficiente para eliminar manchas.

*Cleaning using Rivacream is quite simple. We recommend to spread the product over the object, let react and before the product begins to dry, remove the excess with the aid of a soft flannel, buffing lightly to shine. The product in contact with the surface is enough to remove stains.*

### CUIDADOS. CARE.

Para manter os objetos da Riva sempre impecáveis, é recomendado lavá-los com água morna e secá-los imediatamente usando uma flanela macia. Não utilize esponjas ou palhas de aço. Não mergulhe as peças na água ou deixe sobras de alimentos por um período longo, pois isto pode resultar em manchas e danos às peças. Os objetos não devem ser lavados em máquinas de lavar louças.

*To keep our Riva products like new for a long time, wash them with warm water and dry immediately using a soft cloth. Do not use sponges or steel wool. Do not soak them in water or leave food scraps for a long time as this may cause staining and damage the pieces. The objects should not be washed in the dishwasher.*

## FINAL TOUCH

### TOQUE FINAL

Matéria-prima de alta qualidade, design exclusivo e polimento manual. Os objetos Riva nascem de um processo minucioso e, para garantir que a experiência seja impecável até o último detalhe, a embalagem recebe o mesmo cuidado.

**Os itens são embalados com carinho.** Ao abrir a caixa, o cliente encontra sua peça perfeita e protegida, com um cartão assinado por quem a embalou, além de um booklet com dicas de conservação, novidades, prêmios e os detalhes que fazem da Riva uma referência no mundo do luxo.

*Riva objects are crafted through a meticulous process, where every detail is carefully considered. To ensure a flawless experience, even the packaging receives the same level of attention.*

*Each item is wrapped with care. Upon opening the box, the customer discovers a perfectly protected piece, accompanied by a personally signed card from the person who packed it and a booklet with care instructions, the latest news, awards, and the unique details that make Riva a true luxury icon.*

## ACABAMENTOS DE JOALHERIA

### JEWEL-LIKE FINISHES

Na Riva todos os processos são tratados com a precisão e o cuidado de uma joalheria. Feitos em nossa fábrica, os acabamentos em prata, nickel black e ouro 24k elevam cada peça a um novo patamar de sofisticação, trazendo luxo e durabilidade excepcionais para transformar utensílios em joias.

*At Riva, every process is treated with the precision and care of fine jewelry. Crafted in our factory, finishes in silver, nickel black, and 24k gold elevate each piece to a new level of sophistication, bringing exceptional luxury and durability, transforming utensils into true treasures.*

#### PRATA

O banho de prata da Riva segue padrões rigorosos, com 20 microns de níquel antes da aplicação de 12 microns de prata. Esse processo garante brilho intenso e durabilidade, atendendo aos mais altos requisitos internacionais.

#### SILVER

*Riva's silver plating follows strict standards, with 20 microns of nickel before applying 12 microns of silver. This process ensures intense shine and durability, meeting the highest international requirements.*

#### OURO 24K

O ouro 24 quilates, na sua forma mais pura, reveste as peças Riva com sua inconfundível riqueza e esplendor. Esse metal nobre, símbolo máximo de valor e prestígio, confere um brilho radiante e uma presença imponente aos objetos.

#### 24K GOLD

*24-carat gold, in its purest form, coats Riva pieces with its unmistakable richness and splendor. This noble metal, the ultimate symbol of value and prestige, gives a radiant shine and an imposing presence to objects.*

**NICKEL BLACK**

Revestimento exclusivo da Riva, o níquel preto confere profundidade aos designs. Aplicado sobre o aço inoxidável, proporciona contraste e ressalta a essência do luxo contemporâneo.

*Riva's exclusive coating, black nickel adds depth to designs. Applied over stainless steel, it provides contrast and highlights the essence of contemporary luxury.*

**FROZEN**

Acabamento exclusivo da Riva que resulta em uma textura aveludada, que minimiza os riscos do uso diário. Após esse tratamento, as peças recebem banho de prata ou ouro 24K.

*An exclusive finish by Riva results in a velvety texture that minimizes daily use scratches. After this treatment, the pieces receive a silver or 24K gold plating.*

**VIDRO**

A Riva seleciona vidros brasileiros e importados de alta qualidade, sempre livres de chumbo, garantindo segurança e sustentabilidade. Alguns modelos são soprados manualmente e **podem apresentar pequenas variações, como bolhas, que evidenciam o trabalho artesanal e tornam cada peça única.**

**GLASS**

Riva selects high-quality Brazilian and imported glass, always lead-free, ensuring safety and sustainability. Some models are handmade and **may show small variations like bubbles, which highlight the craftsmanship and make each piece unique.**

**PORCELANA**

Refratários resistentes a variações de temperatura, ideais para uso no forno, micro-ondas e freezer. Para evitar choques térmicos, recomenda-se evitar mudanças bruscas de temperatura.

**PORCELAIN**

Heat-resistant ceramics ideal for use in the oven, microwave, and freezer. To avoid thermal shock, it's recommended to avoid sudden temperature changes.

DESIGNED AND MADE IN BRAZIL

**PEDRAS BRASILEIRAS**

Une a sofisticação do metal Riva com a beleza das gemas nacionais, como ametista, citrino e pirita. As pedras são cuidadosamente selecionadas e apresentam uma variedade deslumbrante de tamanhos, formas e tonalidades. Isso possibilita que todos os objetos da coleção possuam um toque único.

**BRAZILIAN STONES**

Combining the sophistication of Riva metal with the beauty of national gemstones, such as amethyst, citrine, and pyrite. The stones are carefully selected and feature a stunning variety of sizes, shapes, and hues, giving each object a unique touch.

**MADEIRA**

A nobreza do metal encontra na madeira um contraponto de textura e calor. A Riva harmoniza metais nobres com madeiras selecionadas como jacarandá, nogueira e teka, criando um equilíbrio entre solidez e aconchego.

**WOOD**

*The nobility of metal meets wood, offering a contrast of texture and warmth. Riva harmonizes noble metals with selected woods like jacaranda, walnut, and teak, creating a balance between solidity and coziness.*
